Dear Sir:

Applicants noted certain errors in the Transmittal Letter and Form 1449 accompanying their Information Disclosure Statement filed June 10, 2002. In that Information Disclosure Statement, a translation of a single reference was submitted. The title of that reference in our Transmittal Letter was misstated, and the Form 1449 indicated the title correctly, but indicated the Author's name incorrectly. The correct title is --- Absolute Asymmetric Syntheses of Norbornadiene and Quadricyclane Derivatives with Circularly Polarized Light: First Reversible Asymmetric Photoisomerization between Norbornadienes and Quadricyclanes with Circularly Polarized Light". Further, the first author's correct name is --- Nishino H., et al.. Enclosed is a new Form 1449 correctly listing the citation of this translation. Since the document has already been submitted, a new copy is not supplied. Should any fees be necessary for this request, please charge them to our deposit Account No. 11-1410.
